

Technical Datasheet

KGEK006S003M92

Product Features

The decoupling diode module is required for the redundant interconnection of **AKKUTEK** devices.

Consisting of a double Schottky diode on a potential-free cooler with cover against direct contact and top hat rail clamp for easy mounting.

Technical Data

Constant current limitation at 45°C	2 x 50 A
Reverse voltage diode	45 V
Height [mm]	100
Width [mm]	80
Depth [mm]	110
